

Vertmance[®]
Agric Partners Limited

At Vertmance, we strive for excellence

Vertmance Agric Partners (VAP) is our agricultural subsidiary under Vertmance Resources focused on integrated crop and livestock production across West African region.

Beyond operationalizing a 42 Hectares flagship **OWONIKOKO** Ranch at Roguwa Nasarawa State, our operations have also extended to setting up associated out-grower farms nationwide- leveraging technology and distribution and export of agricultural products

About Our Livestock Investment Program (LIP)

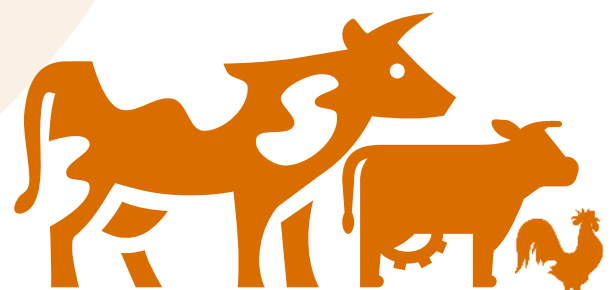

Current Problems

Today, more than **80%** of Nigeria's **20 million heads of cattle** are kept by pastoral households.

In light of this, there is a huge demand for optimal herd management is important in maintaining human nutrition, livelihoods and socio-cultural balance.

Below are some of the challenges faced by the agri-sector in Nigeria:

- 1 Feed scarcity**
- 2 Unavailability of water especially in the dry season**
- 3 Low productive capacity and poor reproductive performance of local breeds**
- 4 Absence of stock routes and conflict between herders and farmers**

Our Solution

The “Livestock Investment Program” and “Serviced Facility Sharing”

Our **LIP** offers a solution and an investment opportunity for individuals and cooperatives interested in investing in the livestock market, without these constraints.

The LIP provides Two Optioned programs;

The Sprint

A short term livestock investment that spans for **2 years** with a **30% ROI** per slot.

The Marathon

A long term livestock investment that spans for **5 years** with **ROI in 2 live calves**, which will also be catered for on the ranch (by moving them to our **Service Facility Sharing Program**)

Investment Opportunity

The Livestock Investment Program is of two types: **Sprint** and **Marathon** investment slots.

For Sprint Investment;

Cattle

2 Years

30% ROI*

N500,000 /Slot * 100 slots available

Entry Time (Jan, Mar, Jun & Sept)

Goats & Rams (Short legs)

6 Months

25% ROI*

N250,000 /Slot * 50 slots available

Entry Time (Jan & Sept)

For Marathon Investment;

Cattle

5 Years

2 Calves

N500,000/Slot

Entry Time (Jan, Mar, Jun & Sept)

Goats & Rams (Short legs)

Currently Unavailable

Our Common Service Facility(CSF)

The CSF is the breeding and fattening facility that will be used and managed by us throughout the program, where the cattle for the project will be bred, fattened and monitored.

Based on how the program is designed, all participants / investors will have access to the services offered by the facility.

Our Serviced Facility Sharing Program

This program is tailored for individuals and/or organizations willing to breed or fatten their animals on their own, using our facility.

Below is the cost breakdown per animal:

Livestock	Minimum Duration	Cost (N) /Animal
Cow	6 Months	N 20,000
	1 Year	N 35,000
Ram	6 Months	N 10,000
	1 Year	N 17,500
Goat	6 Months	N 10,000
	1 Year	N 17,000

The Livestock Investment program (LIP)

Facility Infrastructures

Our ranch is well equipped with critical infrastructures to aid in the rearing and sheltering of livestock

**Paddocks, Storehouses
& Pasture Facilities**

**Water Retention
& Distribution system**

**Livestock Slaughtering
& Processing facility**

**Security, Delivery Docks
& Verterinary services.**

Owonikoko *Experience Tour*

As investors in our livestock program, you are entitled to up to four (4) free **“Owonikoko Experience”** tours (annually).

During the tour, investors get to explore our 42 hectares of green land and enjoy the various activities on the ranch, learn about livestock, farming and wildlife, engage in picnics, team bonding and bootcamps.
